23rd March 2009

M. Anderson

Further to my initial response to AQW 2006/09, I now enclose further details on the flight information for Invest NI's Senior Management and Board Members during the financial years 2006/07 and 2007/08.

Given the nature of Invest NI's work, a significant amount of information needed to be processed to fully answer the question. The exercise is now concluded and the required information is attached.

I wish to assure you that my Department and its Non Departmental Public Bodies fully adhere to the code of conduct on business travel as defined within the Northern Ireland Civil Service Staff Handbook. This states that, with regard to air fares, reimbursement will only be made in circumstances where a clear business need has been demonstrated in order to justify First or Business Class travel.

I have also asked for a copy of this letter to be placed in the Assembly Library.

A. Foster
