Details of subsidy/grant payments by recipient by European financial year to October 2007 are published on the Department’s website. The Department recognises the interest shown by Members in having better information on the level of payments by area. It will arrange to collate the information on CAP, Rural Development and other grant payments for the EAGF year October 07/08, by postcode prefix level and will make that available in the Assembly Library by no later than the end of March.”
