

**AQW 2901/11**

**Sydney Anderson MLA has asked:**

To ask the Minister of Education how many schools have closed at least once in the last two months due to adverse weather conditions.

In my answer to AQW 2901/11, I undertook that the Department of Education would collate information regarding schools which sought approval for exceptional closures due to the adverse weather conditions in October to December 2010. Details for these months, as well as January 2011, are listed below. The information is correct as at 4 February 2011.
