

AQW 2607/11-15

6th October 2011

Thomas Buchanan has asked:

To ask the Minister of Education to detail the number of (i) pupils; and (ii) teachers in each (a) primary school; and (b) post primary school in the Western Education and Library Board area, broken down by education sector.

The latest information available relates to the 2010/11 school year.

Two separate tables have been provided, one for primary schools and one for post-primary schools. Within each table, schools have been sorted by management type and name.

Note:

1. Figures for primary schools include children in nursery, reception and Year 1 – 7 classes.
2. Figures for post-primary schools include children in Year 8 – 14 classes.
3. Figures for primary schools include teachers in nursery classes.

4. Full-time Equivalent (FTE) teacher numbers are expressed as full-time equivalents, with part-time hours being converted on the basis that a full-time working week is 32.4 hours.
5. Teacher headcount means that a part-time teacher will be counted in the same way as a full-time teacher. Therefore teachers employed at more than one school are counted at the school at which they work the majority of their time. These figures should not be used to create a pupil-teacher ratio.
6. The teacher numbers are based on a reference week in the autumn term.
7. The following types of teacher are included:
 - full-time (FT) permanent teachers;
 - part-time (PT) permanent teachers;
 - temporary teachers filling vacant posts, secondments or career breaks.
8. The following teachers are excluded:
 - substitute teachers covering illness or other short-term absences;
 - peripatetic teachers
