**Committee for Enterprise, Trade & Investment and Committee for Finance &
Personnel Motion for Plenary debate on
27th April 2010.**

"That this Assembly notes the long and continuing delays within the Special European Union Programmes Body (SEUPB) in processing applications for project funding under the European Union INTERREG IVA Programme – especially for those projects relating to enterprise, tourism, energy and telecoms, for which DETI is the accountable department; and calls on the Minister for Finance and Personnel to continue to work with the Minister for Enterprise, Trade and Investment and SEUPB to progress applications without further undue delay to enable good quality projects to be implemented quickly for the benefit of local communities."
